

Dear Parents and Students,

Unfortunately we are in a time of uncertainty and confusion. School is one place you have known that your child is cared for, safe and loved, where he gets a quality education. We want to make sure your son's education continues as much as possible during this time. In order to best serve you we have come up with mandatory work which must be completed and returned to school when we return on April 20th.

I am also including some websites that will be fun, and helpful during this time. Parents, please encourage your child to do his best on the workbook, and to do additional work online when possible. The workbook will be worth 100 points, per day, per class. Any incomplete work will result in potential failure of the fourth quarter of school. Completed, it has the potential to help your son have a wonderful start to the 4th quarter! Again, this work is NOT optional, it is mandatory, it MUST be completed for the first day back.

We are requiring each student to complete approximately 8 workbook pages a day. This means that each section will take one week to complete. Your son may use the internet for help with the work - example: google definitions of words, use of an online atlas, math help, and more. I highly recommend Khan Academy, BrainPop, and Scholastic for help in all subject areas, extra practice and fun activities and videos.

Please note: GREAT NEWS Spectrum is offering free wifi to all families with students who do not already have Spectrum. Also, if you are behind in your bills, they will not cancel and will waive fees for the next 60 days. SPECTRUM - 1-844-488-8395
Verizon will not disconnect late bills, and is waiving late fees for the next 60 days.

Parents, please make sure your child sticks to a routine. Limit video game time and have your child use normal school time to watch educational videos, do the assigned work, read a book, write book reports, practice basic math facts, practice spelling skills, write stories about their days at home, write poetry, create art, be creative. Any extra work which is handed in will get extra credit.

We are here for you, if you have any questions or need additional support. If you, or your child needs, please feel free to email me at dmulhern@nativitymiguelbuffalo.org or text me at 716-400-7270. Please make sure to identify yourself so I know to whom I am speaking. I will help in any way I can. The school office number is 836-5188.

Stay safe. God Bless you and your families. We are in this together.

Mrs. Mulhern and the Staff of the St. Augustine Campus
